

# Safe T Bar Inc. - Floor to Ceiling Specialty Bar

**USA Manufactured and Packaged in Minnesota. STB grab bar products - Exceed ADA, ANSI and Federal Codes.**

Material used in manufacturing the grab bar products is 304 stainless steel 18-8 chromium nickel. Tubing 18 gauge 1 1/2" OD, wall clearance is 1 1/2", include 304 stainless steel screws and individually boxed. Standard flange washer mountings are Exposed Mount, however Snap Mount Conceal and Anti Bacteria Safe T Ring Conceal are also available. All flange washer are 3" OD (outside diameter). See Mounting options for additional detail/specifications.

**Tubing extends through the flange washer and is full fusion Tig (heliarc fused [Stronger] - not wire feed or filler) and welded to Military standards to form a single unit. The recessed (bossed); flanged washer keeps the weld away from installation to allow the grab bar to lay flat against the mounting surface. Flange Washer Mounting holes are true to ± 1/8".**

**Safe T Bar GRIP TIGHT™ NON- SLIP surface - ASSURANCE OF POSITIVE GRIPPING – It Grips you!**

Safe T Bar Inc. features the exclusive “GRIP-TIGHT™” surface and is our standard finish. Grip Tight™ is permanently etched in the stainless steel bar, it's not an added material, effective against slipping when the user’s hands are wet and soapy. Grip Tights™ color originates from the mechanical process to the 304 stainless steel, the surface is easy to clean, will not peel or create bacteria.

**Custom sizes and finishes;** Custom Bar is any alterations to our standard sizes, finishes and types of grab bars. Inquire by Contacting Safe T Bar Inc. 1 - 800 -444 - 8855

**Floor to Ceiling Bar** is a straight bar with no bends. One end has a four hole flange washer welded and the other end has an adjustable sleeve for easier installation. A Floor to Ceiling Bar is a Custom bar and is available in our Grip Tight™ finish up to 64" long, other finishes are available in this bar. These type of bars are installed in a variety of areas; showers, closets, hallways and floor to ceiling. Each bar includes stainless steel screws and individually boxed.
